Gateway House

Gateway House is a **male-only residential care home** based in Dinnington, Sheffield. We provide support for up to six individuals with autism, learning disabilities, challenging behaviour and epilepsy.

Our home is **purpose-built**, with six self-contained flats across two floors, each fitted with en-suite facilities - great for personal care!

We also have a **welcoming communal area** where the people we support can relax and socialise with each other! Outside, we benefit from a large garden - perfect for relaxing or gardening in the sunshine!

We're close to excellent **public transport links** and neighbouring towns such as Worksop and Rotherham. Our local town centre benefits from shops, hairdressers, restaurants, a library and plenty of social clubs!

A place to call home

At Gateway House, we encourage the people we support to get involved in **community and in-house activities!** They enjoy going on trips to the park, the seaside, bowling, going shopping, and visiting the local cinema and theatre!

We work closely with the people we support, ensuring they achieve their goals and ambitions. We provide dedicated one-to-one support and build **person-centered care plans** that are tailored to each individual and their needs.
